

# MADE *for* MEMORIES

For us, lake time has always been family time. Porta-Dock's quality line of docks and lifts are made so you can make the most of it. So, sit back, soak up the views and make those memories, knowing that your investment is backed by generations of lake-loving people just like you.

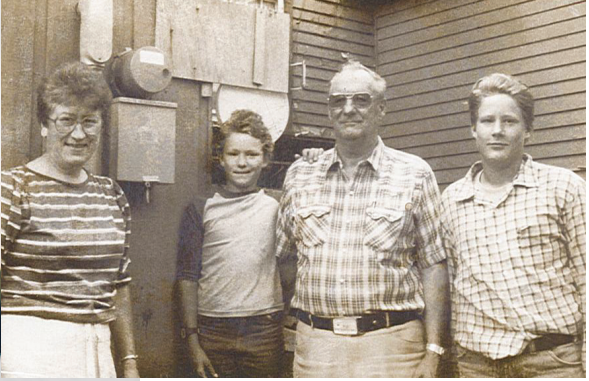

## BUILT FOR GENERATIONS

In 1966, from the humble beginnings of his garage, Bob Gillman knew there was a better way to engineer a dock; a dock that was easier to install and could be built to last, allowing families to create generations of memories of time spent at the lake.

Today, the innovation that sparked the first-ever roll-in dock on the market continues through the passion of his family (pictured below). As an Upper Midwest and Canadian leader in docks, lifts and accessories, Porta-Dock's dedication remains focused on living up to Bob's commitment to products that are easy to install, easy to enjoy, and above all built to last a lifetime.

1985: LORE, BRICE, BOB, & BRIAN GILLMAN

ALL PORTA-DOCK PRODUCTS ARE MADE IN THE USA

### Innovating Quality in Dassel, MN

Since 1966, Porta-Dock has been built on traditions of quality and innovation. That's why we continue to build all of our products with care at our Dassel, MN facility. We know how valuable your time on the water is, so we do everything we can to ensure a quality product that helps give you peace of mind to make the most of your summer on the lake.

# DECKING OPTIONS

Each Porta-Dock decking panel (except on our high-strength roll-in truss dock) sits flush in the frame and is removable so you can easily replace if damaged. Mix and match panels for a customized look.

• All available in 4'x4' or 5'x4'

6-Step	Adjustable 22" - 42"

NON-ADJUSTABLE

ADJUSTABLE (ALSO AVAILABLE IN WHITE)

# ADD-ONS

## 8" Dock Cleat

Secures to the dock frame with no need to drill or bolt through decking.

## Dock Panel Clips

Secures dock panels to dock frame.

## Adjustable Shore Steps

Made entirely of aluminum, available in White, Beige, or WoodGrain and completely customizable to your shoreline. Add on optional platforms and hand railings for extra stability. See your nearest dealer for more details.

### ALUMINUM

Beige

White

WoodGrain

## Ladders

Ladders available in 3-step or 4-step aluminum construction.

## Hinges

Allows the dock to "flex" and adjust.

## Shore End Ramp Section

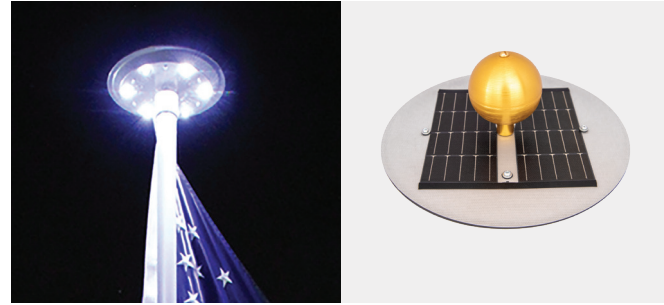

Available for all models of docks in 4' and 8' lengths. Hinge is adjustable to allow for incline or decline use on any shoreline.

## AMBIANCE

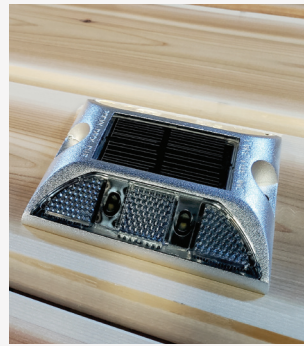

### Flag Pole

Adjustable flag pole extends to 15' and allows for two 3'x5' flag. Includes bracket for ease of attachment and one American flag.

### Flag Pole Light

Aluminum top with protected solar panels and six bright LED lights provide flag illumination. Includes automatic on/off switch for dusk until dawn use.

### Solar Dock Light

The easiest, most convenient way to light your Porta-Dock dock. At nightfall, the solar dock light's sensor automatically turns on the super bright LED. Use multiple units to create an elegantly lit pathway for all to walk on.

- Lasts 18+ hours on a full charge
- Brighter than conventional solar garden lights
- Fits any Porta-Dock dock post with included mounting bracket
- Dock post or surface mount options

## SAFETY

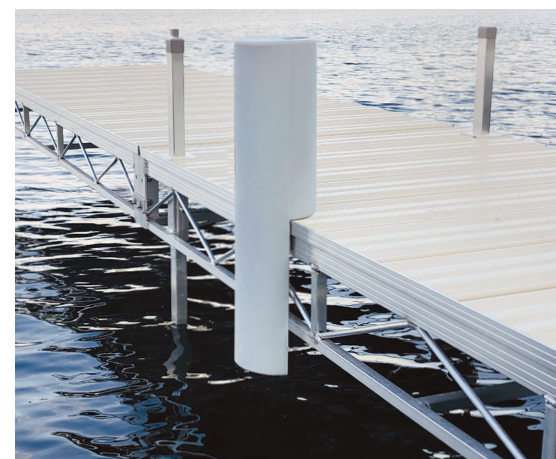

### Dock Bumpers

Both horizontal and vertical dock bumpers are available for all dock styles. See dealer for available colors and lengths.

### Hand Railings

Lightweight aluminum railings available for all dock models and lengths.

### Dock Defender Bumper

Made of durable polyethylene, these 30" vertical bumpers have a diameter of 7 3/8" and slide easily over dock posts. Available in Gray.

## ADDITIONS

### Deck Extension

Easily attached to the side of your Porta-Dock dock. Allows for easy entrance and exit from your boat or pontoon.

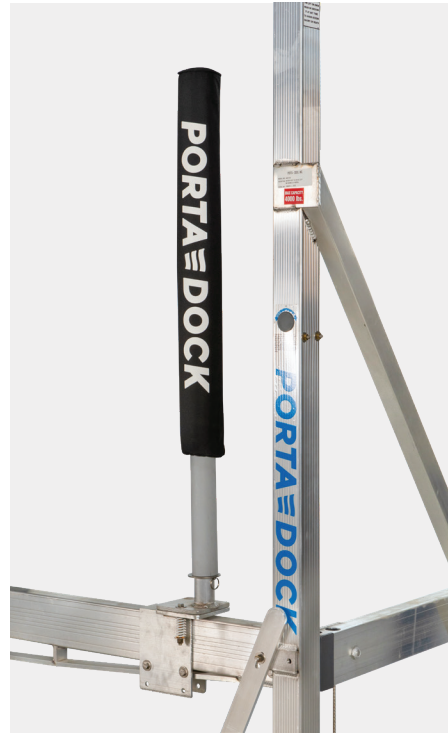

### Corner Sections

Easily add corner sections to any Porta-Dock dock to increase the square footage.

## BOAT & PONTOON DOCKING

### Roller Guide-Ons

Padded, vertical guide-ons aid in proper boat placement on lift while protecting the finish of your boat

### Maintenance-Free Pontoon Rails

Guides your pontoon onto the lift while supporting it by the frame.

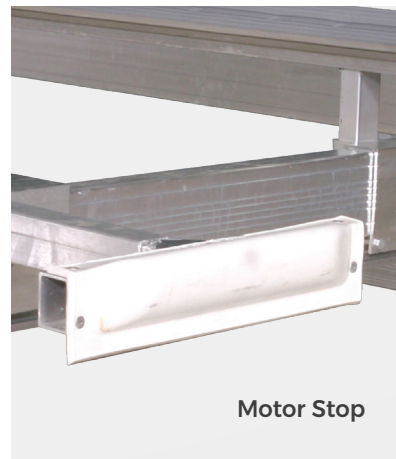

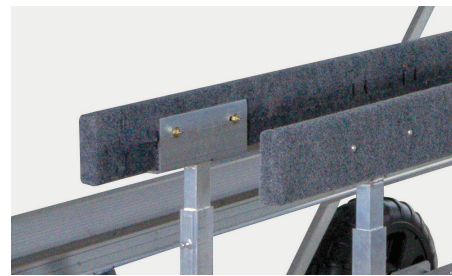

### Pontoon Stops

Stops your pontoon in the proper location on the lift. Adjustable to accommodate any style of pontoon.

### Bunks & Guides

Porta-Dock offers a variety of bunk and guide options including wood, carpet, and vinyl.

Motor Stop

### Boat Stop

Prevents your boat from overrunning the lift.

# COMMERCIAL DOCKS

## CAMPGROUNDS, RESORTS + ASSOCIATIONS

All Porta-Dock commercial dock styles offer unlimited layout possibilities and can be utilized in the creation of a completely unique dock. Our dock sections give you the option of using them in-line or side-by-side to create a custom configuration.

- Configurable for your specific needs
- Lightweight aluminum frame
- Wide variety of accessories available
